BREAK OUT SESSION 1

Discussion on what are the roadblocks and issues you have in your business now; or what is keeping you from starting with your business idea

BREAK OUT SESSION 2

What resources, funding, knowledge and experts are needed to help grow the businesses of the Woman Entrepreneurs on Manitoulin Island

GOAL OF SEMINAR

To start a **Women Of Manitoulin Entrepreneurial Network** on Manitoulin. The goal will be monthly seminars that will cover off the various items that are raised today as needing to be addressed – (funding, IT support, website design, accounting, etc.) We will not know what we want/need to learn until we have had the opportunity to discuss and find out what our needs are.

I so look forward to meeting you at the seminar. Please tell a lady friend who is in business or who wants to start a business about the seminar.
